

Munja AI

The AI teacher that answers **from your syllabus.**

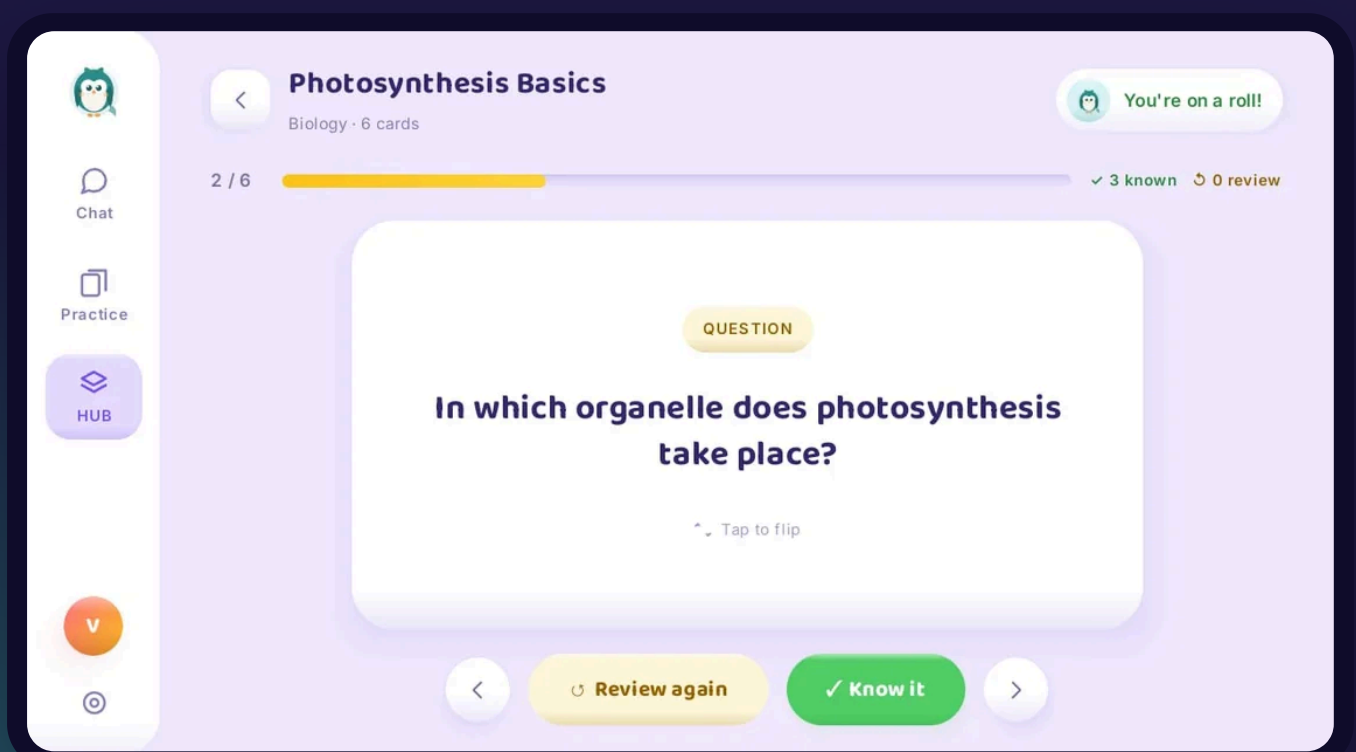

Doubts explained step by step. Practice for every chapter.
Notes, mind maps and flash cards for revision. No open internet
inside, only study.

Class 1 to 12

State Board and CBSE

NEET, JEE, MHT-CET

Android phone and EduSoulX tablet

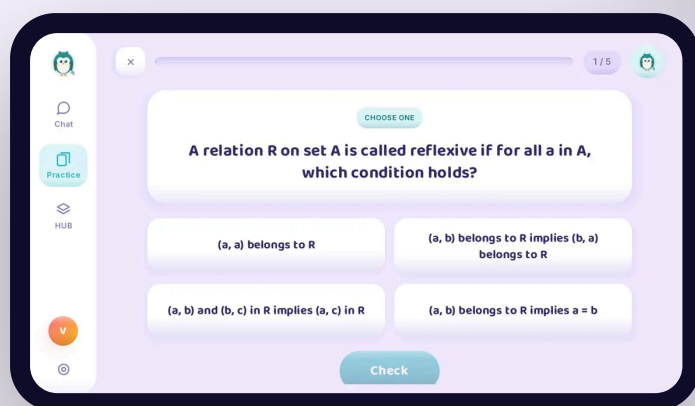

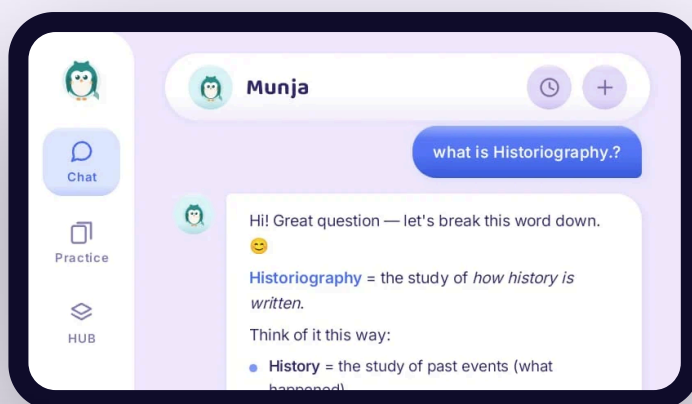

Ask, practice, revise. All in one app.

1

Ask the doubt in your own words

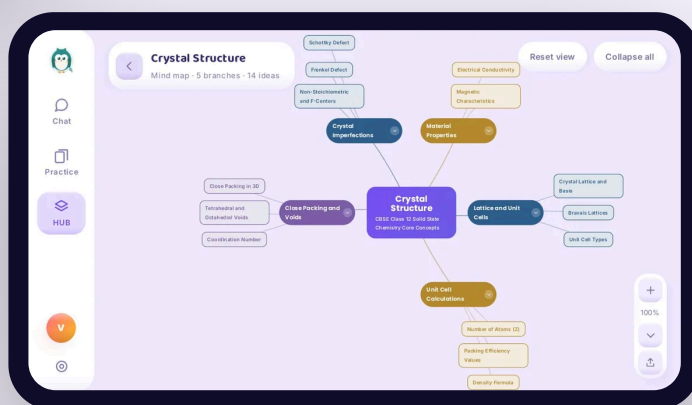

Type the question the way you would ask your teacher. Munja AI breaks it into small steps and gives a simple example. Answers come from the school syllabus.

2

Practice the chapter

Practice questions for each chapter. Choose an answer, tap Check, and Munja AI tells you on the spot if you are right.

3

Revise before the exam

Type a topic or paste your notes. Munja AI turns it into clean notes, a mind map or flash cards, and saves them in your library.

Why this way of studying works

Researchers reviewed 10 common study methods. Only two were rated high: testing yourself with practice questions, and spreading study over many days. Rereading and highlighting were rated low. (Dunlosky and others, Psychological Science in the Public Interest, 2013.) Munja AI is a study aid; results depend on regular study.

Safe for the child. Useful for the teacher.

Parents

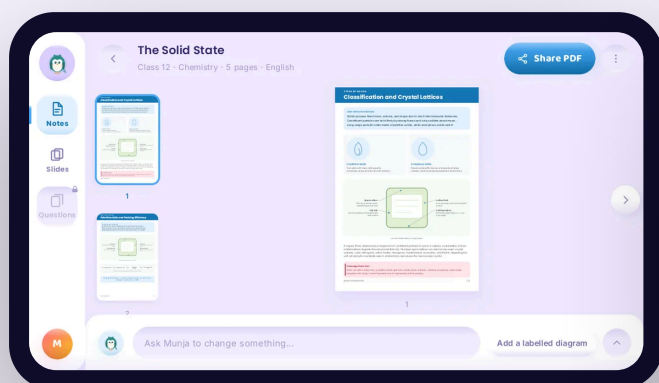

- Answers only from the school syllabus
- No games and no social media inside
- Answers at the level of your child's class
- You pay once; nothing is taken automatically

Teachers

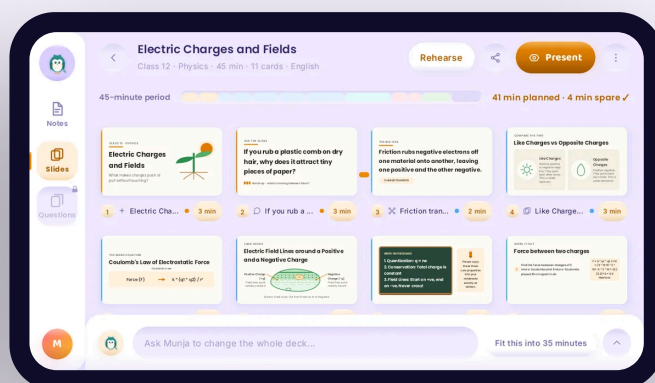

- Lecture Planning
- Notes Creation
- PPT Presentation
- Question Paper Generator
- Practice Paper Creation

Schools and classes

- Every student can ask every doubt
- Teachers get time back
- School controls privacy
- Free demo, setup and teacher training

Ready notes in three steps: choose the chapter, Munja AI writes the notes, share them as a PDF.

A complete lesson that fits the period: slides planned for your minutes, with a lesson plan for the teacher.

Best on the EduSoulX tablet

The EduSoulX tablet is locked for study: no social media, no games and no open internet. Munja AI is the teacher inside it. Schools and coaching classes get a separate plan based on the number of students.

Two simple plans

MONTHLY PLAN

₹499

for 1 month. Good for trying Munja AI, or for exam months.

- Chat for every doubt
- Practice questions with answers checked
- Notes, mind maps and flash cards
- For one student

YEARLY PLAN · SAVE ₹1,188

₹4,800

for 12 months. Works out to ₹400 a month.

- Chat for every doubt
- Practice questions with answers checked
- Notes, mind maps and flash cards
- For one student

Three steps to start

1

Choose a plan

Open www.munjaai.com, choose the monthly or the yearly plan and pay.

2

Tell us about the student

We ask for the student's name, class and board to set up the login.

3

Start studying

We activate the plan and confirm it to you on WhatsApp.

Talk to us

Questions about a plan, a payment or a school demo? Call or WhatsApp, 9:30 am to 6:00 pm.

Munja AI is offered by Next Gen Education.
